

Please be wary of websites purporting to represent the EVITA brand of Kanebo Cosmetics!

These are bogus sites that feature BEAUTY WHIP SOAP, a new product in the EVITA brand issued by Kanebo Cosmetics. Having investigated this matter, we have confirmed that these are phishing sites that are engaged in bogus gift campaigns. They get people who subscribe to their campaigns to enter their personal details on their websites and they then make use of these details for illegitimate purposes.

Please make sure that customers under no circumstances enter their personal details on these bogus sites.

Please take note of the following official Internet addresses:

Kanebo Cosmetics website <http://www.kanebo-cosmetics.co.jp>

Evita website <http://www.kanebo-cosmetics.jp/evita>

Kanebo Cosmetics global site <http://www.kanebo.com>

It should be noted that these are the only Kanebo Cosmetics websites that provide official information on the EVITA brand. Precautions are needed in this regard.
